***Fast food is very bad for your health***

A lot of people eat fast food almost every day because they find it very tasty. 1\_\_\_\_\_.

Firstly, fast food such as burgers and chips contains a lot of fat and salt. 2\_\_\_\_\_. For example, we need to eat a lot of fresh fruit and vegetables as well as fish and meat. Secondly, fast food is very expensive. 3\_\_\_\_\_.

On the other hand, some people say that eating fast food saves time. 4\_\_\_\_\_. However, I believe there is a way busy people can avoid cooking during the week. 5\_\_\_\_\_.

All in all, I think that although fast food is usually tasty and convenient, people should try to prepare their own meals and eat fresh food as this is much better for their health.

- A.** They can cook during the weekend so that they have enough food for the whole week.
- B.** In my opinion, people shouldn't eat fast food very often as this is bad for their health.
- C.** Sometimes they eat it because they are busy and don't have time, or are too tired to cook.
- D.** The money some people spend on fast food in one week is enough to buy fresh food for two weeks.
- E.** We need to eat food that contains vitamins or proteins.
- F.** For example, meat is good for our health because it contains a lot of protein.
