Teen Magazines

A. Youth World is an entertainment magazine full of ideas on what to do. It provides details of all the latest films, concerts, exhibitions and fashion shows. If you are someone who prefers to stay in, it also recommends the best DVDs to watch.

B. Teens Now is a successful music magazine for teenagers that lists who is playing, where and when and how to get tickets. Interviews with well-known singers and groups as well as detailed biographies are included. It also gives its readers the chance to send in their own articles.

C. Some leading journalists write for **Teen People**, a music magazine aimed at the teen market. There are interviews with new bands as well as the latest news on recordings, tours and festivals. A popular feature is the annual reader's vote for the best new band.

Touchstone

D. Top Teens is easy to read and full of colour photographs. There are a range of different sections including those offering fashion and beauty advice. But the majority of its pages are devoted to interviews with the popular, well-known stars of cinema, music and sport.

E. Teenplus is very different from the average teen magazine that simply offers articles on pop stars and fashion. This exciting new magazine informs readers about what is happening in the world through its in-depth articles on current affairs, politics and science. It also offers a variety of reviews on recent books, films and music CDs.

F. No journalists write for **Teen Voice**. This magazine depends completely on articles sent in by its teenage readers. It gives young people the opportunity to publish their creative work, such as poems or short works of fiction or to voice their opinions on important issues. They can also write reviews of the latest music CDs.
