Tennis Time!

Story By: Andrew Frinkle

Cara played tennis. It was her favorite sport. She really enjoyed all kinds of sports, like ping pong, volleyball, and badminton, but she really liked tennis most. For playing tennis you need only a net, a racket, and tennis balls. We play tennis one-to-one or two-to-two. It is very much like badminton. If you have a wall, you can play alone, hitting the ball. Playing tennis someone gives the ball, and the other players have to return it from the other side of the net. You need to send the ball to the ground in the other team's side one

or two times. If you do that, you get the ball from the other team if they had it or you get points. There are 6 points in a set. You need to get to 4 points to win.

After one player wins so many games, he wins the round and a new round is started. A match is won when you win 3 or 5 rounds. Cara liked playing in pair. She had a really good partner, and they worked well together. Still, Cara knew that her game wasn't popular in America. Are you going to try to watch or play tennis?
